To whom it may concern -

Pursuant to the provisions of Chapter 394B of the Hawaii Revised Statutes (HRS), this letter is being written to provide notice that University Health Partners of Hawaii's (UHP) will be experiencing a reduction in its workforce as a result of a transition of a portion of our clinical operations to the Queen's Health System and the subsequent restructuring that will take place in our organization. As a result of this action, many of our current employees whose positions will be impacted by this restructuring will have employment offered to them through Queen's.

As part of our organization's restructuring, UHP will continue to provide support to various departments and programs of the University of Hawaii's Health Sciences areas, so a portion of our operations will continue. At this time, however, we are considering these layoffs to be permanent.
