To Whom it May Concern:

I write to update the March 30, 2020 and June 22, 2020 notices that Irongate Azrep BW LLC, d/b/a Trump International Hotel Waikiki (the "Hotel") provided you regarding the reduction of staffing levels at the business operations at 223 Saratoga Rd., Honolulu, Hawaii 96815, which began on March 7, 2020, or within a 14-day period starting on that date, due to the unforeseen business circumstances caused by the natural disaster and spread of the novel coronavirus (COVID-19) and the government mandated closures in response to the COVID-19 pandemic.

The initial government stay-at-home order, travel prohibition, mandatory self-quarantine periods for travelers, and closures of restaurants and non-essential businesses began in March 2020 and were set to expire after a short period. Since that time, however, the government orders have been extended multiple times for reasons beyond our control. The reopening plans of the State of Hawaii have no clear timelines. Most recently, we anticipated that travel restrictions impacting the State's hospitality industry would end on July 31, 2020, and the Hotel would be able to return many employees to work on or around August 1, 2020. But the State has again extended travel restrictions through at least August 31, 2020, and thus, it has now become apparent that our operation will remain limited for some time for these and other reasons beyond our control. Thus, we have had to reassess our initial understanding of the circumstances facing the Hotel and our industry given new and unforeseeable information about the severity and duration of the adverse effects of the COVID-19 pandemic on our business and industry.

As a result, we want to update you that based upon the new information available to us, we now anticipate that the temporary indefinite furloughs and reduced work schedules that we previously notified you of will last at least six (6) months for an additional 112 employees.

None of the employees are represented by a union. There are no bumping rights.

The Hotel provided the affected employees with notices of this action. A list of job titles and the number of employees in affected positions, as well as any other information required pursuant to 20 C.F.R. § 639.7(f), will be maintained on site and readily accessible to the state dislocated worker unit and to the units of general local government.

We were unable to provide you with notice of these actions earlier because the length and extent of the adverse business circumstances resulting from COVID-19, and its changing effects upon our community, business, and industry, were not foreseeable when employees were temporarily furloughed indefinitely.

This notice is based upon the best information currently available. Various factors may affect these plans. We will inform you of any significant changes.

To the extent the Hotel's actions in response to the COVID-19 emergency constitute a plant closing or mass layoff for purposes of the federal Worker Adjustment and Retraining Notification Act or similar state law, this letter is intended to fulfill any requirements under the those acts. By providing this information, however, the Hotel does not concede that those acts apply or that this notice is otherwise required.
