Dear Mayor Caldwell and Acting Director Perreira-Eustaquio:

This letter is in follow up to our previous notification on May 1, 2020. As noted in our prior notification, due to the rapidly-changing and unforeseen business circumstances that have resulted from the COVID-19 pandemic, Prince Resorts Hawaii and Prince Waikiki temporarily suspended their operations located at 100 Holomoana Street, Honolulu, Hawaii 96815 as of March 28, 2020. All staff were reinstated on April 24, 2020 and remained on payroll until June 15, 2020, at which time staff were temporarily furloughed again, due to further unforeseen business circumstances, including the extension of the government mandated trans-Pacific traveler 14-day quarantine, “shelter-in-place”, and “mass gathering” orders.

We anticipated at the time of the closure and furloughs that the hotel closures would be temporary, as the initial government “stay-at-home”, travel prohibition, mandatory self-quarantine periods for travelers, closures of restaurants and non-essential businesses were set to expire after a short period of time. However, since then, government orders restricting travel and business operations have been expanded

and extended multiple times. As a business that relies heavily on global travelers and large events, these continued restrictions have led to sudden and severe revenue losses.

Furthermore, it is now apparent that the State of Hawaii has no clear timeline for reopening plans, making it likely that our operations will remain limited or shut down for some time due to the government restrictions and other reasons beyond our control. Based on information that is currently available, it is possible that the temporary furloughs of employees will last longer than six months. We continue to remain optimistic that we will be able to reopen and bring employees back to work. However, we are uncertain given the rapidly-changing situation how our circumstances will continue to evolve.

To the extent the Hotel's actions in response to the COVID-19 emergency trigger the Worker Adjustment and Retraining Notification (WARN) Act or similar law, this letter is intended to keep you informed and to be consistent with WARN and other applicable laws.

If you have any questions, you may contact me at 808-944-3246 or a.ahakuelo@princehawaii.com.

Very truly yours,

Anisah Ahakuelo
